

Recall Detail

Ref No	10000700
Manufacturer	TESLA
Vehicle Class	Private Car
Model/Type	Model X
Dealer (phone no)	3974-0251
Subject	Airbag Software update
Progress	Running
Affected Vehicle Identification Number (VIN)	All RHD Model X registered before Jun 8, 2017
Description of Defect, how it came to light, and possible consequences if ignored.	Although we're not aware of a single customer car that has had an issue with it, there was an anomaly with the passenger airbag in a right-hand-drive Model X that was part of a routine internal test this week. After reviewing the results of this test, we were able to isolate the anomaly to the software controlling the passenger airbags in right-hand-drive Model X cars only, and we are already developing an over-the-air software update that fixes it.
Remedial Action	Over-the-air software update
Build Dates	2016 to 2017 Jun
Launch Date	11 Jun 2017
Tentative Date of Recall Completion	31 Jul 2017
